

# TRANSFORMATION track4impact®

track4impact® is a centralized, efficient and easy-to-use platform for managing improvement and cost efficiency programs. For each single measure, it offers full accountability and a direct link between DI logic and P&L. More than that, it is changing the way programs are executed through its unique data-driven approach, which ensures full transparency at any time.

## IMPROVEMENT & COST EFFICIENCY MEASUREMENT PLATFORM "track4impact®"

### track4impact® Platform

Impact is tracked with financial and operational KPIs as defined in the underlying methodology agreed in the program setup, e.g.

goetzpartners Color Books®

### Benefits

#### TRANSPARENCY ON TARGET ACHIEVEMENT

track4impact® can capture all kinds of improvement ideas to create and fill a funnel in line with DI logic and directly link them to P&L.

#### FACT-BASED DECISION-MAKING

track4impact® provides standardized reporting dashboards that visualize critical insights to facilitate timely decision-making, incl. reporting according to DI logic.

#### WORKFLOW MANAGEMENT

track4impact® serves as a holistic measure impact management tool, ensuring full bottom-up engagement along a rigorous workflow with approval and escalation paths.

#### MODULAR TRAINING CONCEPT

track4impact® comes with a modular training concept designed for each standardized role and can thereby easily be introduced to organization users.

#### EASY TECHNICAL IMPLEMENTATION

track4impact® can either be set up in a cloud environment or enterprise-ready as a local application. High user acceptance is reached via lean and intuitive user interfaces.

» Many companies with ambitious programs fail to reach their financial and operational targets not because of a lack of ideas for improvement, but rather due to insufficient impact tracking and transparency. With track4impact® we offer a tool that helps our clients stay on top and create sustainable value.
